## MAJOR MICAH JENKINS

Presented a Sword For Bravery by President Roosevelt.

### EXERCISES AT THE EXPOSITION.

Most Imposing Parade Ever Seen in the City of Charleston Is Witnessed by Thousands of Spectators.

Charleston, S. C., April 9.—It was "President's Day" at the exposition. The events of the day began with a grand procession through the principal streets of Charleston and afterwards there were speeches in the exposition auditorium, the presentation of a sword by the president to Major Micah Jenkins, a luncheon at the woman's building and inspection of the grounds and buildings. The parade was the most important that Charleston has ever seen.

Besides the president and distinguished visitors, United States artillerymen, United States marines and jacksies there were soldiers from various states and cadets from two military academies.

The presidential party was driven directly to the exposition auditorium, where the president reviewed the troops from a platform erected at that point. The president's salute of 21 guns was fired by the German artillery on the entrance of the president into the exposition grounds.

Addresses were made by Captain E. W. Wagner, president of the South Carolina Interstate and West Indian Exposition company; Governor McSweeney, of South Carolina; Governor Aycock, of North Carolina; Mayor Smyth, of Charleston and the president of the United States.

### Special Session Called.

Annapolis, Md., April 9.—Governor Smith has issued a proclamation calling the general assembly together in special session on Wednesday, April 16. This step is necessary because of the failure to pass at the regular session the bill providing for a levy of the state tax and fixing the rate. A special effort will be made to have the work of the special session devoted exclusively to the passage of this bill and a movement is on foot to have the members waive payment of mileage and per diem allowances so that the cost to the state will be as small as possible, in which event the session will probably not last more than a day or two.

### Fire at McArthur.

McArthur, O., April 9.—One of the best blocks in the center of this city was burned with a loss of over \$50,000. The fire started in Snively's dry goods store and took with it the fine hall of the Knights of Pythias, Mrs. Murray's millinery store, Markham's shoe store, Sprague's livery stable, Fiften's drug store and several groceries. The court house was threatened. The town is without water works and the fire could not be controlled till it wiped out the square in which it started. D. C. Gill was injured and several narrowly escaped injury from falling walls.

### Cargo of Hides Lost.

Tuckertown, N. J., April 9.—The British bark Antilla, Captain Read, which went ashore on Longbeach on the night of March 28, broke in two during the heavy northeast gale. The cargo of hides is floating out of her sides and she is liable to become a complete wreck. She had a cargo of 40,000 hides, 6,500 of which have been landed on the beach and are being shipped to New York. A diver has inspected the bark and finds that she lies directly upon an old wreck.

### Substitute Defeated.

Washington, April 9.—By a strict party vote the fiscal committee of the house voted down a substitute proposed by the Democratic members "to establish a stable and autonomous government in the Philippines," and then by a like party vote ordered a favorable report on the measure prepared by the Republican members establishing a complete form of civil government for the islands.

### Frost Discharged.

New York, April 9.—The Rev. Dr. W. A. Crawford-Frost of Baltimore, who made a disturbance at the dinner to Andrew Carnegie by the American Society of Authors, was discharged from Bellevue hospital in the care of Rev. Edward B. Niver of Baltimore. Mr. Niver will take Dr. Crawford-Frost to Baltimore.

### Budget Statement Postponed.

London, April 9.—The budget statement which was to have been presented has been postponed until Monday in consequence of the indisposition of the chancellor of the exchequer, Sir Michael Hicks-Beach.

### AN OFFER

Of Intervention by the Civic Federation Is Rejected.

Providence, R. I., April 9.—The strikers from the American Woolen company's mills at Olneyville, have refused to deal with a representative of the National Civic Federation's arbitration committee.

Marcus Marks, head of the clothing cutters' union, and a member of the committee of "thirtysix" of the Civic Federation, made the offer of intervention for the adjustment of the strike. Chairman McDermott of the strikers' committee, replied that everything possible might be done by the weavers to secure an amicable settlement. Mr. Marks then suggested that he have a conference with Treasurer Wood of the Woolen company to bring about an understanding. The strike leaders informed Mr. Marks that the strikers did not care to have intervention of the kind indicated.

### Charge of Smuggling Ignored.

Tucson, A. T., April 9.—The United States grand jury ignored the charge of smuggling against Paymaster Charles J. Robinson of the Southern Pacific company and Edward Parker, Gabriel Smith and A. Wilson, employees of the paymaster. Several months ago at Nogales, some Mexican cigars were found in the paymaster's car. It was taken for granted by the customs officials that the cigars had been smuggled into the United States. Robinson and his clerks were arrested and gave bond to appear before the grand jury.

### To Hold Securities.

New York, April 9.—A new securities company which has just been incorporated in New Jersey with a capital of \$2,000,000, was formed for the purpose of holding stocks of certain persons identified with the United States Steel corporation. Within the last year financial interests connected with the management of that company have entered numerous enterprises more or less connected with the steel and iron trade and this company will act as the holding company for their securities.

### Coaxing Them Back.

New York, April 9.—In view of the National Baseball league's action toward getting back some of the stars that have deserted the National folks for berths in the American league, President Daly of the Protective Association of Professional Baseball Players, has, it is stated, sent a secret notice to the American League players notifying them it is to the interests of players to respect their contracts with American league clubs.

### Chinese Rebels Defeated.

Hongkong, April 9.—Advices received here from Liu Chow say that the Imperial General Ma and Marshal Su have defeated the Kuang-Si rebels in a sanguinary battle at Kong Chuen. The Imperial army was first driven back, when General Wong with three quick firing guns and two Maxims arrived on the scene and turned the tide. The rebels retreated to the mountain strongholds.

### To Investigate Investment Schemes.

Lexington, Ky., April 9.—Promoters of investment companies are greatly disturbed by the impaneling of a special grand jury to investigate investment schemes. The judge in charging the jury said those who induced persons to enter these companies under the expectation of getting triple or quadruple returns knew that these expectations could not be realized.

### Wants Pay For His Boat.

Washington, April 9.—Senators Hoar and Lodge presented to Secretary Hay the case of Edward Morris, a fisherman of Gloucester, Mass., whose smack valued at \$11,000, was seized five or six years ago by the Newfoundland authorities on the charge of fishing within the three mile limit. Morris claims that he was not over the line.

### Borden Elected.

St. Joseph, Mo., April 9.—Returns show that Borden (Rep.) is elected mayor by a margin of eight votes over Spratt (Dem.). The remainder of the Republican ticket down to the city council is elected, with the exception of city attorney.

### Chinese Exclusion Bill Reported.

Washington, April 9.—When the senate convened Mr. Fairbanks (Ins.) reported favorably from the committee on Immigration the Chinese exclusion bill passed by the house of representatives. It was placed on the calendar.

St. Petersburg, April 9.—The Russian military commander in the Kwang Tung territory of Manchuria reports that 600 Chunchuses, not Tunguses, as previously reported, attacked the Russian post on the Liau river last month. The Chinese were repulsed with the loss of 20 men killed. Two Russians were killed and five wounded.

## AGAINST CUBAN BILL.

Congressman William Alden Smith of Michigan Opposes It.

### DEFENDS BEET SUGAR INTERESTS.

Words of the Lamented McKinley Quote, Showing the Benefits to Be Derived by Developing New Industry.

Washington, April 9.—Before the debate upon the Cuban reciprocity bill was resumed in the house, some routine business was transacted. Mr. Olmstead (Pa.) presented the report on the contested election case of Fowler vs. Thomas from the Third North Carolina district.

Mr. Henry (Conn.) asked unanimous consent to disagree to the senate amendments to the oleomargarine bill, but Mr. Richardson (Tenn.) objected and the bill went to the committee on agriculture.

The house then went into committee of the whole and the Cuban reciprocity bill was taken up. William Alden Smith (Mich.) was the first speaker. He spoke against the bill. He presented the question from the viewpoint of the Republicans, who have opposed Cuban reciprocity on account of the beet sugar interests and said in part: "I would not for anything have you believe that we, who for two months have been battling for what we believe to be right, were animated by any hostility or unfriendliness toward the island of Cuba. Such is far from the truth. We have always aided and sustained her in her struggle for independence. We glory in her approaching sovereignty. But we must not forget that while we may sympathize with Cuba, our first duty is toward our own people, and everything that tends to strengthen and develop our multiplied resources at home and add to the measure of our national strength and independence should be the object of our profoundest solicitude. The lamented McKinley said with his unerring wisdom in the discussion of the tariff act which bears his name: 'Nothing can be done to so successfully clip the wings of the sugar trust as to develop our beet sugar industry, and at the same time confer immense benefit on our farmers and all our people.'"

He also quoted Mr. Payne, Mr. Grosvenor of Ohio and Mr. Steele of Indiana, predicting a great future for the beet sugar industry if the tariff was not disturbed, and added: "The great states of Michigan, California, New York, Colorado, Utah, Oregon and Montana, took these distinguished statesmen at their word; had faith in the promise of our party declaration; abandoned the cultivation of wheat and corn, developing a new industry thus encouraged. 'I know it is claimed that this cut of 20 per cent will do our present factories no harm; but when the Dingley law was passed and you invited us to engage in this business, you did not say that you would even agitate a change in the tariff, much less reduce it by 20 per cent.'"

### Victim of the "Goat."

Grand Rapids, Mich., April 9.—Charles Lewis of Berlin, Ottawa county, who has brought suit against the Modern Woodmen society for \$50,000 damages because of injuries alleged to have been received in an initiation into the society, which necessitated the amputation of a leg, has been removed to his home in a dying condition. He has been in a local hospital for some time. A few days ago he grew so much worse that the doctors gave up hope of his recovery and he was removed to his home. In the event of his death his heirs will take up the suit against the Woodmen.

### Heavy April Snow.

Meyersdale, Pa., April 9.—The snow here reached the depth of nearly two feet on the level. Much damage has been done to buildings, telegraph and telephone lines and electric wires. Fruit and ornamental trees also suffered. In many parts of the town stables have collapsed from the heavy weight on the roofs. Wires are down all over town and in many places poles have been snapped off. This is said to be the deepest April snow that has fallen in the southern section of Pennsylvania for 25 years.

### Mark Twain's New Home.

New York, April 9.—After losing the fortune made by a life's work and then settling out to make a new one at an age when most men are retiring, "Mark Twain" (Samuel L. Clemens) the humorist, has just purchased a summer home in Terrytown. The place consists of 19 acres, situated on high ground overlooking the Hudson. On it is a stone mansion. The price is understood to have been \$47,500.

## KING LEOPOLD MOBBED.

### His Automobile Is Surrounded by Howling Socialists.

Brussels, April 9.—King Leopold was mobbed by Socialists on his arrival here from Biarritz. The meeting between the Socialists and the king was quite accidental, but it was none the less unpleasant for his majesty, whose automobile was surrounded by excited Socialists who shouted "Long live the republic!" "Long live universal suffrage," and waved red flags in the king's face.

The Socialists had collected at the railroad station to bid farewell to the members of a delegation of Spanish Republican deputies who had attended the Socialist gatherings here and who had participated in the demonstration. The police informed the Spaniards that they must leave Brussels forthwith and the delegates were escorted to the station by a large gathering of Socialists, bearing red flags. The king happened to arrive at the same time and had difficulty in getting his automobile out of the crowd, but he finally found an opening and out-distanced his pursuers.

### Marriage of Miss Talmage.

Washington, April 9.—Miss Mand Dewitt Talmage, daughter of Rev. Dr. T. Dewitt Talmage and Clarence Frederick Wyckoff of Ithaca, N. Y., was married here at the residence of the bride's parents. Rev. Frank Dewitt Talmage of Chicago, brother of the bride, officiated. Only the relatives of the contracting parties and a few personal friends of the bride witnessed the ceremony. Mr. Kenneth Chisholm of New York acted as best man and Miss Hazel Talmage Smith, a niece of the bride was bridesmaid. The couple left for a wedding tour, the duration of which will depend upon the condition of the bride's father, Rev. Dr. T. Dewitt Talmage, who has been seriously ill since his return from the south about a fortnight ago, and is much worse.

### Demands of Building Trades.

Cincinnati, April 9.—The building trades of Cincinnati, Covington and Newport have demanded shorter hours and more pay on and after May 1. They want eight instead of nine hours per day and an average of 25 to 30 per cent increase in wages. The builders say their contracts have been made on the old scales and none of them have conceded to the demands. Leaders of the different unions say they will comply with their notices to the contractors and strike May 1 unless their demands are met. About 12,000 men will be involved in the outcome.

### Barney Riggs Killed.

El Paso, Tex., April 9.—The history of one of the worst feuds in western Texas was recalled when news was received here of the killing at Fort Stockton of Barney Riggs, a prominent cattleman, frontiersman, feudist and fighter. Riggs was shot five times and instantly killed by "Buck" Chaddorn, also a cattleman, son of ex-Sheriff Chaddorn of Jeff Davis county and son-in-law of Riggs. The killing is said to have been the outcome of a family quarrel.

### Contract For Machinery Hall.

St. Louis, April 9.—The contract for the machinery building has been awarded by the Louisiana Purchase Exposition company at a public letting to a general contracting concern for \$496,957. A dozen other firms put in bids for the work. The price bid was far under the architect's estimate of \$600,000. The machinery building is one of the largest of the exhibiting department, its dimensions being 525 by 1,000 feet.

### Oil and Gas Lands Purchased.

Marlette, O., April 9.—The largest oil and gas land deal ever made in this city has just been consummated, whereby the Ohio and California Refining Oil company has acquired 39,000 acres of oil and in Mason, Jackson, Putnam and Kanawha counties in West Virginia, lying below the Guffey tract purchased last week by the Standard Oil company. The price is not made known, but it is said to be very large.

### Claim of an Indiana Man.

New York, April 9.—Contest for the millions of William Marsh Rice probably will be resumed soon. Carl J. Carlson of Muncie, Ind., says his father was J. J. Rice, a son of William Marsh Rice, that his mother resumed her maiden name after his father's death and that he also assumed the name of Carlson, has arrived in this city and will, it is stated, be among the claimants.

### Died From Cramps.

Pittsburg, April 9.—Investigation developed that Mrs. Carrie Myers, the young woman found dead at her home at Montour, and who, it was believed, was a victim of foul play, died a natural death. Mrs. Myers was subject to cramps and her death was due to one of these attacks.

## REDISTRICTING BILL

Passed by the House After Opponents Had Failed to Postpone It.

### CAPITAL CITY DISTRICT ALONE.

Fairfield County Goes to the Eleventh District—Legislative Business Not Moving as Fast as Expected.

Columbus, O., April 9.—There was a continual wrangle in both houses during the session and little was accomplished.

The Patterson redistricting bill passed the house as per the agreement reached at the caucus to make Franklin county compose the Twelfth district. It is not yet in force, however, since the amendments to the original bill will have to go to the senate for concurrence. It is understood, however, that there will be no objection raised in the senate to the amendments made in the house. An effort was made to postpone the bill but it failed and the bill passed by a vote of 62 to 38.

The next bill taken up was the Williams bill to repeal the fellow servant law as it applies to railroad companies. The bill was defeated.

Bills were passed in the house as follows: To permit actions for damages to be brought in this state where death has been caused by accident in another state; to protect car repairs from inclement weather (making it optional with the railroad companies as to whether they will build sheds or permit the repairs to "lay off" in bad weather).

### In the Senate.

The senate session consisted of the introduction of two bills and the passage of three.

Mr. Riffin introduced a bill providing the death penalty for the placing of dynamite or other explosives on a railroad track, where it results in a fatal accident. The other bill was introduced by Mr. Herlick and increases from seven-tenths to one mill the levy for street purposes in the city of Cleveland.

These bills were passed; H. B. allowing corporations to borrow money up to full amount of their authorized capital stock; S. B. allowing the Cincinnati board of police commissioners to make contracts for the purchase of sites for engine houses and other purposes without the mayor's approval, where there is no protest.

When the substitute for the Painter bill came on, Senator Harding stood out alone against the retention of the canal system. The senator offered an amendment to the measure when it was pending last week, striking out all of section 2 of the bill, which provides that whenever it shall become the policy of the state to abandon the canal all boats for the transportation of freight or passengers shall be paid for by the state. When the bill came up as a special order, Senator Harding stated that he had been unable to reach an agreement with friends of the bill upon his proposed amendment, and asked that he might be permitted to withdraw his amendment. This permission was given him and he proceeded to explain his vote. He said that he was unalterably opposed to the "subsidy" section of the bill, and if it were allowed to stand he would have to vote against the bill. When the roll was called Democrats and Republicans joined hands and made a law of the most important bill that has yet been disposed of. The vote stood 25 to 1, the only negative vote being that of Senator Harding.

Other bills passed in the senate. To provide that officers of the Ohio reformatory or penitentiary may carry prisoners on freight trains; to provide a heavy penalty for carrying liquors or opium to inmates of jails, workhouses or the penitentiary; to classify the schools of the state and provide for uniform courses of study; to permit the purchase of voting machines when a majority of the voters so declare.

Representative McNamee introduced a resolution giving official authority to the governor to accept the scholarship at Oxford university conferred upon two Ohio boys, as soon as he will have been formally informed of the provisions of the will of the late Cecil Rhodes. One hundred dollars is to be appropriated for the purpose of defraying the expenses of an examination to be held in the hall of the house of representatives. The examination is to be open to every boy in the state.

### Lord Strathcona Honored.

London, April 9.—Lord Strathcona, high commissioner of Canada, was presented with the freedom of Aberdeen in recognition of his position as lord rector of the university and of his services to Canada.

HELP the commercial, social and general welfare of the city by identifying yourself with the business and professional men's club--The Board of Trade.

MERCHANTS, lawyers, doctors, ministers and all other good citizens are urged to take membership in the Board of Trade and help build up Maysville--not some other town.

Gov. BARKHAM refuses to call an extra session of the Legislature, though urged to do so for the purpose of passing a bill similar to the registration bill passed by the General Assembly at the regular session and lost, and also for the purpose of passing a school book bill. The Governor is of the opinion that the passage of a registration bill is not of such extraordinary importance as to justify a call for an extra session and, as for the school book bill, it was clearly shown by the vote at the last session of the Senate that there were enough Democratic Senators voting with the solidly Republican vote to make impossible the passage of such a bill by the Senate as now constituted. First get rid of the recreant Democrats, and then may be such a bill will stand some show.

# **Time to Think of Carpets!**

We cannot positively say we are not from time to time undersold in carpets. In fact people occasionally tell us they can buy the same carpets elsewhere for less money. As they usually end by buying here, in fact always, if they are carpet judges, we investigated the matter and found instead of the same carpet it was a similar style of carpet--adulterated. Now if there is one poor article you cannot afford to buy, it is a carpet, and the secret of our carpet business is that people appreciate the fact. If our best judgment could prevail we wouldn't handle cotton carpets because we know customers make an unwise investment when they buy them. But popular trade demands cotton carpets and we are obliged to have them. Therefore we get the very best possible for the money--first, to protect our carpet reputation, secondly, by advancing your interests to advertise our carpet store. Then we tell you exactly what to expect--a cotton carpet, a mixed carpet or an all wool. And there are fifty years of honest business to confirm our every statement. Anyone who cannot find what they want among our Roxbury Tapestries at 75c., Fine Worsted Axminsters at \$1, Handsome Wilton Velvets at \$1, Reliable Body Brussels at \$1, Lowell Ingrains at 65c., Hartford Ingrains at 60c., Victoria Ingrains at 50c., Union Ingrains at 39c., Cotton Ingrains at 25c. surely do not want to buy a carpet at all.

**A Carpet Stretcher Free** To anyone buying a carpet this month. A convenient article for every household.

### **SCHOOL LAWS.**

Some Changes Made by the Recent General Assembly of Kentucky.

The first examination for common school graduation is changed from the last Thursday in January to the last Friday and Saturday in that month. The date of the second examination is changed from the last Thursday in June to the second Friday and Saturday in May, just a week before the first examination for teachers.

Hereafter teachers will be paid 20 per cent. of the school fund in October, November and January, and 40 per cent. in December.

Section 7 of House Bill 148 removes the penalty imposed by the old law on trustees for failure to have a school house built within twelve months from the date of the condemnation of the old house. This will enable trustees to levy and collect a tax, year by year, and lay it aside until they have accumulated enough to build without borrowing money. Under this section the County Superintendent can condemn the house two or three years earlier than under the old law, and the district can continue to use the old house while they collect taxes from year to year till they have enough to build without borrowing. The purpose of these provisions is to remove, as nearly as possible, the difficulties trustees and superintendents have been laboring under since the Court of Appeals decided that the old law authorizing trustees to levy a four years' tax and borrow money was unconstitutional.

In addition to the plan outlined in Section 7 another method for building is provided in Section 8. The old law limited the purposes for which a tax could be voted in the district to the extension of the term and for the better payment of the teacher. This law is enlarged, permitting the tax to be voted for building a house. A bare majority authorizes the levy of a three years' tax, and when the tax carries by a two-thirds vote, thereby complying with Section 157 of the Constitution, the trustees may borrow money and build without delay. This same section also provides that a tax may be voted to liquidate any debt incurred in the past in building. Under

the old law there was no way to pay such debts, and many districts were in danger of losing their property. The vote is taken at the regular October election for trustees and after due notice.

Section 9 of said bill requires the teacher to teach not less than twenty full weeks, and no credit is allowed for the days spent at the institute; but it is still compulsory for the teacher to attend the institute.

A deed from the late James Barbour conveying eight lots, 281 to 288 inclusive, in the Sixth ward, to the late Newton Cooper for \$750, has just been lodged for record.

The Health Officer of Louisville will present to the grand jury the names of manufacturers of wienerwurst containing coloring matter, and also of all merchants who sell canned goods colored with chemicals.

George O'Bannon and others filed suit in the Circuit Court at Covington praying for appointment of a receiver to take charge of the Germania Guaranty Company and an order restraining the officers of the Owenton Loan and Discount Company and also those of the company first referred to from transferring or disposing of their property.

Taylor at "Inginy" was doubtless the originator of the plot to assassinate Governor Goebel, as he was to be the chief beneficiary of the infamous, dastardly, devilish and diabolical deed. Now, Taylor at Washington, is undoubtedly the originator of the plan of selling goods at low prices, such as granulated sugar twenty pounds for \$1 and ten pounds of Arbuckle's, Golden Rio or Lion coffee for \$1.

Internal Revenue Commissioner Yerkes holds that farmers and growers are privileged to sell leaf tobacco of their own growth and raising (and that received from tenants as rent), and in its natural condition, without restriction. The decision provides, however, that the farmer must sell his tobacco in the condition in which it was cured on the farm, and can not stem, twist, plait or roll, sweeten or otherwise manipulate it for sale to consumers. No person can be lawfully employed by a farmer as his agent to sell and deliver his tobacco to consumers.

Kentucky just now is attracting prospectors from all over the land. The wells already sunk prove it a very rich oil producer. MONEY INVESTED NOW MAY DOUBLE OR QUADRUPE IN LESS THAN A MONTH.

Our holdings consist of about 5,000 acres in Wayne County, near the great Sunnybrook field, about 6,000 acres in Lincoln County, and 600 acres in Licking Valley in Bath County, close up to Ragland. Our first two wells near Ragland are producers. We have started to drill in all three counties, and expect to strike oil in every well. We are still acquiring valuable lands in addition to those already secured, and lying in close proximity to the greatest developments in the State. A limited amount of the treasury stock will be sold, at \$5 per share, par value of shares \$10 each. This stock will, we confidently believe, be selling for par in thirty days.

## THE TOP OF THE LADDER

A most desirable place for which many are striving. A man in business would be over modest if he didn't blow his own trumpet. But it would be the height of folly for him to claim for his goods, merits they didn't possess. We are neither vain or foolish in asserting that our spring line of goods is undoubtedly the finest collection of merchandise ever gathered under one roof in Maysville. The compliments of our customers and the constant increase in our sales are the best of evidence. And yet we sell cheaply. Try us.

ALL THE RAGE—Oxford Cloth for Gibson waist, regular price 25c., our special price 15c. Thirty-four inches wide.

A BROAD ASSERTION—Anything and everything in Men's Neckwear that's stylish for 25c.

A GENERAL VERDICT—That our Lace and Embroidery counter is the best equipped counter of its kind in town. Big assortment with low prices made it go.

STILL GROWING more popular every day. Our 25c. Hose, a new line of drop stitch, just added, Parisian effects. See them.

## MAYSVILLE MAY 6.

Democratic Appellate Convention to be held in This City on the Date Named.

The Appellate District Democratic Executive Committee met in Newport Tuesday and considered the matter of holding a convention to select a candidate for Judge of the Court of Appeals from this district.

Four proxies were presented and eleven. Chairmen of the County Democratic Committees were in attendance. State Chairman Allie Young presided and Chairman T. D. Slattery, of the Mason County Committee, acted as Secretary.

A resolution introduced by Mayor R. W. Nelson, Chairman of the Campbell County Committee, was adopted, providing for the holding of the convention on May 6th at Maysville. It further provides that inasmuch as only one candidate, Judge Paynter, the incumbent, had so far announced himself, that others who contemplate making the race be given until April 25th to make their declaration. At that time, if no others announce, the Chairmen of the various County Committees are to be empowered to appoint delegates to go to Maysville and go through the formality of naming Judge Paynter. If there are others, then the usual routine of conventions will be followed.

The Times-Star Wednesday stated that Hon. John W. Lassing, of Boone County, would oppose Judge Paynter for the nomination.

Hon. Charles W. Nesbitt, of Mt. Sterling, has announced himself a candidate for the Democratic nomination for Circuit Judge in the Twenty-eighth district, in opposition to Allie W. Young, already announced. It is said that Presiding Judge James E. Cooper will also announce himself shortly as a candidate for re-election. If he does it will make Democratic politics in that section very warm. All three men have a large following. The election does not occur until November, 1903. Mr. Nesbitt is a brother of Messrs. T. Y. and E. H. Nesbitt and Mrs. Samuel M. Hall, of this city.

The Dr. Basil C. Duke Chapter, U. D. C., contemplates bestowing the Southern Cross of Honor upon about forty veterans on the occasion of their memorial day—June 3rd—at which time they hope to have the added attraction of an address by one of the most eloquent of the many gallant ex-Confederate officers in this State. Further information will be given as the time draws nigh.

Meager reports of a sensational shooting affray comes from Augusta, a prominent tobacco buyer being the victim and an injured husband the shooter. It is said the latter, having his suspicious aroused, laid a trap and caught the tobacco buyer in his home late at night.

Mr. C. L. Sallee is ill at his home on East Third street.

## FATALLY SHOT

Was William Crawford Wednesday Noon by Boone Beckett.

Trouble Originated Over the Sunday Closing Movement—Crawford Wounded in Three Places.

William Crawford, better known among his associates as "Stick," was shot three times Wednesday shortly after noon, by Boone Beckett, a barber engaged in business on Market near Front. Only three shots were fired, all of them taking effect, one in the left shoulder, one between the shoulders and the third in the right hand. One of the shots penetrated the left lung and another fractured the spinal column. Either of these shots is pronounced almost necessarily fatal.

Crawford was removed shortly after the shooting to Dr. Taulbee's office where his wounds were dressed and everything done to alleviate his sufferings. The shot in the spine paralyzed the body from the point of fracture down.

The trouble originated over the Sunday closing movement. Crawford had been a patron of Beckett. On last Saturday night, it is said, Beckett declined to shave him after 12 o'clock. Crawford then went to Gray's shop at the Central Hotel, it is claimed, where he was shaved. Gray's arrest for violating the law followed, the information it is said being given by Beckett. On his trial Gray was acquitted by Judge Whitaker. Some one then swore out a warrant in Squire Dressel's court for Crawford, charging him with being drunk, and the case was set for trial at 2 p. m. Wednesday.

Shortly after noon Wednesday Crawford and Frank Cooper met Beckett in front of the latter's shop, and Crawford tackled the latter about the matter. When Beckett replied, Crawford began striking at him with his fist. The latter was either knocked down or fell in the scuffle, as he arose to his knees he pulled his pistol and fired, the first shot passing through the palm of Crawford's right hand. The latter ran and attempted to enter the south door to Wallace's restaurant, but could not open it. In the meantime Beckett had risen and fired two more shots, the second passing through the lung and the third fracturing the spine.

Beckett claims Crawford had on a pair of metal knucks when he began the assault, and that he was knocked down by a blow on the head from the knucks. He claims the knucks were removed from Crawford's hand after the latter fell.

After he was informed that his wounds were regarded as fatal, Crawford made a statement to County Attorney O'Donnell. The substance of it was that on meeting Beckett he asked why he had had the warrant issued for him; that Beckett replied it was for being drunk in his shop; that he then struck at Beckett three times with his fist, but did not hit him; that he did not have on any knucks at the time; that when Beckett pulled his pistol, he (Crawford) started to run, and was shot in the back while trying to get in the door at Wallace's; he could not say how many shots Beckett fired.

Beckett was arrested by Policeman Thompson and taken before Judge Whitaker, who, on learning the dangerous character of Crawford's wounds, fixed the accused's bail at \$2,500. Failing to give bond, Beckett was committed to jail.

Beckett's preliminary trial is set for 2 o'clock this afternoon, but the case will

necessarily have to be continued to await the result of Crawford's wounds.

After his wounds were dressed by Dr. Taulbee and he had made his statement to the County Attorney, Crawford was removed to the home of his parents, Mr. and Mrs. George Crawford, on Second street near Limestone. He was still alive at 9:30 o'clock this morning. He is about thirty years old and was at one time in the saloon business at Manchester, and was later a bartender in this city, but had no regular work of late.

Beckett moved to this city from Mt. Carmel, and has conducted a barber shop at his present stand for a year or more.

A detachment of the Second Battalion, Eleventh United States Infantry, under Major Jackson, just from Porto Rico, where the troops have been stationed for nearly four years, passed down over the C. and O. last evening for San Francisco, en route to Manila.

The English "Society for the Prevention of Consumption" presided over by the Prince of Wales, was recently addressed by Sir William Broadbent, who stated that it was definitely known that every case of consumption began with a germ communicated from some other case. There is no such thing as inherited consumption. There may be local weakness which tends to consumption, but the germ has absolutely to be planted in that weak spot before consumption can ensue. This ought to comfort thousands of people who have "weak chests" or "weak lungs." They are not foreordained victims of this dread disease. All that is needed to bid absolute defiance to this deadly scourge is to be able to strengthen the weak lungs, and build up a strong body. The answer to this need is found in Dr. Merce's Golden Medical Discovery. It so purifies the blood and increases the blood supply, that disease is thrown off, and the weak organs are nourished into perfect health, which defies germs of every kind. People, given up by doctors, emaciated, bleeding in the lungs, with obstinate, lingering coughs, are being cured every day by the use of "Golden Medical Discovery." It is a strictly temperance medicine containing no alcohol, whisky or other intoxicant.

### An Ordinance

Authorizing the Issue of Thirty Bonds of the  
Denomination of \$500 Each.

It is ordained by the Board of Commissioners of the City of Maysville, that the Mayor of the city of Maysville be and is hereby authorized to have prepared thirty bonds of the denomination of five hundred dollars (\$500) each numbered 22 and 23 inclusive, payable on or before the first day of March, 1903, payable to Thos. A. Keith, Chairman of the Ways and Means Committee or bearer, negotiable and payable at the First National Bank of Maysville, Ky., to be signed by the Mayor and sealed with the seal of the city and attested by the City Clerk.

It is further ordained, that the said bonds shall bear interest at the rate of 4 percent, per annum from date of issue until paid. Said printed bonds shall be in the custody of the Mayor and from time to time as may be necessary the City Council will order the issue and sale of said bonds, which shall bear date of said order, to be sold at not less than par by the Ways and Means Committee, and proceeds placed in the hands of the City Treasurer to pay the orders which may be made upon him.

The revenues of the city for the current fiscal year are hereby pledged for the payment of the bonds which shall be issued under this ordinance.

This ordinance shall be in full force and effect from and after its passage and publication.  
Adopted by Council April 7th, 1902.  
Attest: W. E. STALLUP, Mayor.
